Modelling the Message

Steve Fisher

National Workshop

11th May 2017

Australian Government

Department of Health

What Modelling the TIS Message is

- 1. Workplace policies** and compliance with them
- 2. Commitment from the top**, including CEO and board support and involvement
- 3. Influence over other organisations**, such as smoke-free events and alliances with other orgs
- 4. Internal recognition** of TIS work within an organisation.
