Aboriginal and Torres Strait Islander Smoking

COAG CTG Targets

- Professor Ian Anderson AO – Deputy Secretary PM&C
 - Portfolio and community consultations to inform target setting
- DoH – Indigenous Health Division sponsoring a multi-disciplinary team to consider the NATSIHPIP from a social and cultural determinants perspective – reporting in September 2017
- Redfern Statement – mtg on Thursday in Melbourne

NATSISS 2014 / 15

- The proportion of Aboriginal and Torres Strait Islander children aged 0–14 years who were **living in a household** in which there was at least one daily smoker was **56.7% in 2014–15, down from 63.2%** in 2008 (Table 8).
- About **six in 10 (60.3%)** Aboriginal and Torres Strait Islander people aged 15 years and over were **living in a household** in which there was at least one daily smoker in 2014–15 (Table 16), **down from 67.5%** in 2008.
- In 2014–15, the proportion of Aboriginal and Torres Strait Islander people aged 15 years and over who were **daily smokers** was **38.9%, down from 44.6%** in 2008 and 48.6% in 2002. Between 2002 and 2014–15, there was a significant **improvement in non-remote areas** (down 11.4 percentage points) (Table 1).

The New TIS Programme

- Grant Recipients (GR)
- Whole of service approach – **population health** + smoking cessation
- Greater discretion to GR – **outcomes focused**
- Smoking cessation and healthy lifestyle
- No healthy lifestyle funded
- **NCTIS**
- **Quit Skills support & Quitline enhancement**
- Dedicated TIS policy section at national office – **amalgamated in March 2017 – Preventive Health & Renal Policy Section**
- Grants Services Division - Health State Network (HSN)
- NBPU
- Evaluation Framework

What is Tackling Indigenous Smoking initiative?

- National Coordinator Tackling Indigenous Smoking
 - National Best Practice Unit
 - Grants – 37 orgs funded (GRs) – *national coverage*
 - Evaluation Framework
-

- Quit skills training
- Quitline enhancement
- Targeted / Innovation projects – pregnant mothers, youth and remote

Innovation Grants 2016/17

The innovation projects have now commenced. The projects are as follows:

- [Aboriginal Males Shedding the Smokes - Aboriginal Health Council of South Australia Inc.](#)
- [Growing a smoke-free story - Metro South Hospital and Health Service, Queensland Health](#)
- [The Top End Smoke-Free Spaces Project - Aboriginal Resource and Development Services Aboriginal Corporation \(ARDS\)](#)
- [Smoking, Nutrition, Alcohol and Physical Activity 'SNAP' - National Drugs and Alcohol Research Centre, University of New South Wales](#)
- [The Balaang and Binjilaang Aboriginal Women Tobacco Intervention Project - South Coast Women's Health & Welfare Aboriginal Corporation](#)
- [Growing the Smoke Free Generation - Northern Territory Department of Health](#)
- [Tackling Indigenous Smoking Innovation Grant Project - Western Australian Centre for Remote and Rural Medicine Ltd](#)

NBPU initiated and supported initiatives

- HealthInfoNet **TIS Portal**
- NBPU TIS website
- Social media accounts
- Mailing list/ register protocols
- eNews
- Promotion strategy
- Performance monitoring, analysis and reporting systems in association with program evaluators

Impact assessment, performance indicators and data collection and reporting on results

- To enable GRs to adopt evidence-based and results-oriented approaches in order to reduce rates of smoking among Indigenous people
- Monitoring and Evaluation framework and program performance indicators
- Third year of funding for grant recipients **relies on evaluation results for first 2 years. Reported in March 2017 – got it – NOW FOR 2018 ++ FUNDING**

National Indicators

1. Quality and reach of community engagement
2. Organisations involved in tobacco reduction in the region
3. Building capacity to support quitting
4. Referrals to appropriate quitting support
5. Supporting smoke-free environments

FIGURE 3: Reporting compliance by region as at 30 June 2016

Do services cover
the State?

Does your service
coverage comply
with your funding
agreement?

A man with short dark hair, wearing a red t-shirt, stands in the foreground with his hands on his hips, smiling. In the background, two children are playing soccer on a green lawn in front of a white house with a grey roof. A semi-transparent graphic with a house-shaped top and a rectangular bottom contains the text "DON'T MAKE SMOKES YOUR STORY".

DON'T
MAKE
SMOKES
YOUR
STORY

Leveraging the mainstream

What do we need to focus on?

- **Evaluation** findings
- Demonstrate **reach**
- Demonstrate **impact**
- Demonstrate **community buy-on**
- Demonstrate **responsiveness** and **resilience**

Quick Runs

- Smoke free workplaces
- Local events
- Commonwealth, State / Territory & Local Politicians
- Media engagement
- Uploading to the TIS Portal
- Contracting / engaging support to achieve outcomes

NACCHO Members Deadly Good News Stories From #WorldNoTobaccoDay events

ABORIGINAL HEALTH NEWS ALERT

nacchocommunique.com

NACCHO Chair Matthew Cooke

"Smoking is responsible for one in every five deaths among Aboriginal and Torres Strait Islander

Smoking rates among Aboriginal people are two and a half times that of non-Indigenous Australians – 41% of Aboriginal and Torres Strait Islander people are daily smokers.

In some communities that estimate is as high as 83%," Matthew Cooke

"Aboriginal health in Aboriginal hands" #WNTD2017
