Target of halving the 2008 smoking rate by 2018

39% NATSISS 2014/15

COAG 2018 target
COAG CTG Targets

• Professor Ian Anderson AO – Deputy Secretary PM&C
  – Portfolio and community consultations to inform target setting

• DoH – Indigenous Health Division sponsoring a multi-disciplinary team to consider the NATSIHPIP from a social and cultural determinants perspective – reporting in September 2017

• Redfern Statement – mtg on Thursday in Melbourne
The proportion of Aboriginal and Torres Strait Islander children aged 0–14 years who were living in a household in which there was at least one daily smoker was 56.7% in 2014–15, down from 63.2% in 2008 (Table 8).

About six in 10 (60.3%) Aboriginal and Torres Strait Islander people aged 15 years and over were living in a household in which there was at least one daily smoker in 2014–15 (Table 16), down from 67.5% in 2008.

In 2014–15, the proportion of Aboriginal and Torres Strait Islander people aged 15 years and over who were daily smokers was 38.9%, down from 44.6% in 2008 and 48.6% in 2002. Between 2002 and 2014–15, there was a significant improvement in non-remote areas (down 11.4 percentage points) (Table 1).
The New TIS Programme

- Grant Recipients (GR)
- Whole of service approach – **population health** + smoking cessation
- Greater discretion to GR – **outcomes focused**
- Smoking cessation and healthy lifestyle
- No healthy lifestyle funded
- **NCTIS**
- **Quit Skills support** & **Quitline enhancement**
- Dedicated TIS policy section at national office – **amalgamated in March 2017 – Preventive Health & Renal Policy Section**
- Grants Services Division - Health State Network (HSN)
- **NBPU**
- Evaluation Framework
What is Tackling Indigenous Smoking initiative?

- National Coordinator Tackling Indigenous Smoking
- National Best Practice Unit
- Grants – 37 orgs funded (GRs) – *national coverage*
- Evaluation Framework
- Quit skills training
- Quitline enhancement
- Targeted / Innovation projects – pregnant mothers, youth and remote
The innovation projects have now commenced. The projects are as follows:

- Aboriginal Males Shedding the Smokes - Aboriginal Health Council of South Australia Inc.
- Growing a smoke-free story - Metro South Hospital and Health Service, Queensland Health
- The Top End Smoke-Free Spaces Project - Aboriginal Resource and Development Services Aboriginal Corporation (ARDS)
- Smoking, Nutrition, Alcohol and Physical Activity ‘SNAP’ - National Drugs and Alcohol Research Centre, University of New South Wales
- The Balaang and Binjilaang Aboriginal Women Tobacco Intervention Project - South Coast Women’s Health & Welfare Aboriginal Corporation
- Growing the Smoke Free Generation - Northern Territory Department of Health
- Tackling Indigenous Smoking Innovation Grant Project - Western Australian Centre for Remote and Rural Medicine Ltd

• HealthInfoNet TIS Portal
• NBPU TIS website
• Social media accounts
• Mailing list/ register protocols
• eNews
• Promotion strategy
• Performance monitoring, analysis and reporting systems in association with program evaluators
Impact assessment, performance indicators and data collection and reporting on results

• To enable GRs to adopt evidence-based and results-oriented approaches in order to reduce rates of smoking among Indigenous people

• Monitoring and Evaluation framework and program performance indicators

• Third year of funding for grant recipients relies on evaluation results for first 2 years. Reported in March 2017 – got it – NOW FOR 2018 ++ FUNDING
National Indicators

1. Quality and reach of community engagement
2. Organisations involved in tobacco reduction in the region
3. Building capacity to support quitting
4. Referrals to appropriate quitting support
5. Supporting smoke-free environments
FIGURE 3: Reporting compliance by region as at 30 June 2016

- Top End and Tiwi Islands: 199 (100%)
- Arnhem Land and Groote Eylandt: 66 (98.48%)
- Kimberley: 368 (93.75%)
- Central Australia: 337 (98.22%)
- Greater Western Australia: 342 (98.83%)
- South Australia: 111 (96.41%)
- Far North Queensland: 271 (96.31%)
- Gulf and North Queensland: 108 (98.15%)
- South Queensland: 188 (97.34%)
- Eastern New South Wales: 327 (97.55%)
- Western New South Wales: 97 (96.91%)
- Victoria and Tasmania: 95 (92.63%)

Legend:
- Dark grey: Number of corporations required to report
- Light blue: Number of corporations compliant
- Light brown: Percentage of corporations compliant

TOTAL: 2509 (2436) (97.09%)
