

Shedding the Smokes

Using the 'Men's Shed' model to create culturally safe spaces for men in remote communities

Implementation

- Meeting relevant stakeholders at both UTHSAC & THS Inc.
- Is there a 'shed'?
- Who else can we engage?
- How do they see it rolling out?
- How do we approach the 'No Smoking' messages'?
- How do we implement the programme into the community?

Yalata (Tullawon Health Service Inc.)

Coober Pedy (UTHSAC)

Kingoonya Camp

Where to from here?

- DoH Report (TIS Innovation Grant)
- National TIS Workshop (Alice Springs)
- National Ochre Day (Melbourne)
- Funding opportunities
