

NATIONAL BEST
PRACTICE UNIT

**TACKLING
INDIGENOUS
SMOKING**

PILOT PROGRAM

DEBORAH BOOKER

PENNEY UPTON

Australian Government
Department of Health

INTRODUCTION

- Smoke-free workplace
- Population health
- Systems approach
- Scalable and sustainable program
- Innovative approaches
- Co-design training package
- Participating organisations

PARTICIPATING ORGANISATIONS

- ✓ ORIC and non-ORIC Aboriginal Organizations
- ✓ Timeframe
- ✓ Implement/update smoke-free workplace policies
- ✓ Culturally sensitive and tailored training material
- ✓ Organisational attitudes and behaviours
- ✓ Policy ownership
- ✓ Working with TIS teams
- ✓ Training and Policy designs
- ✓ Quit smoking champions

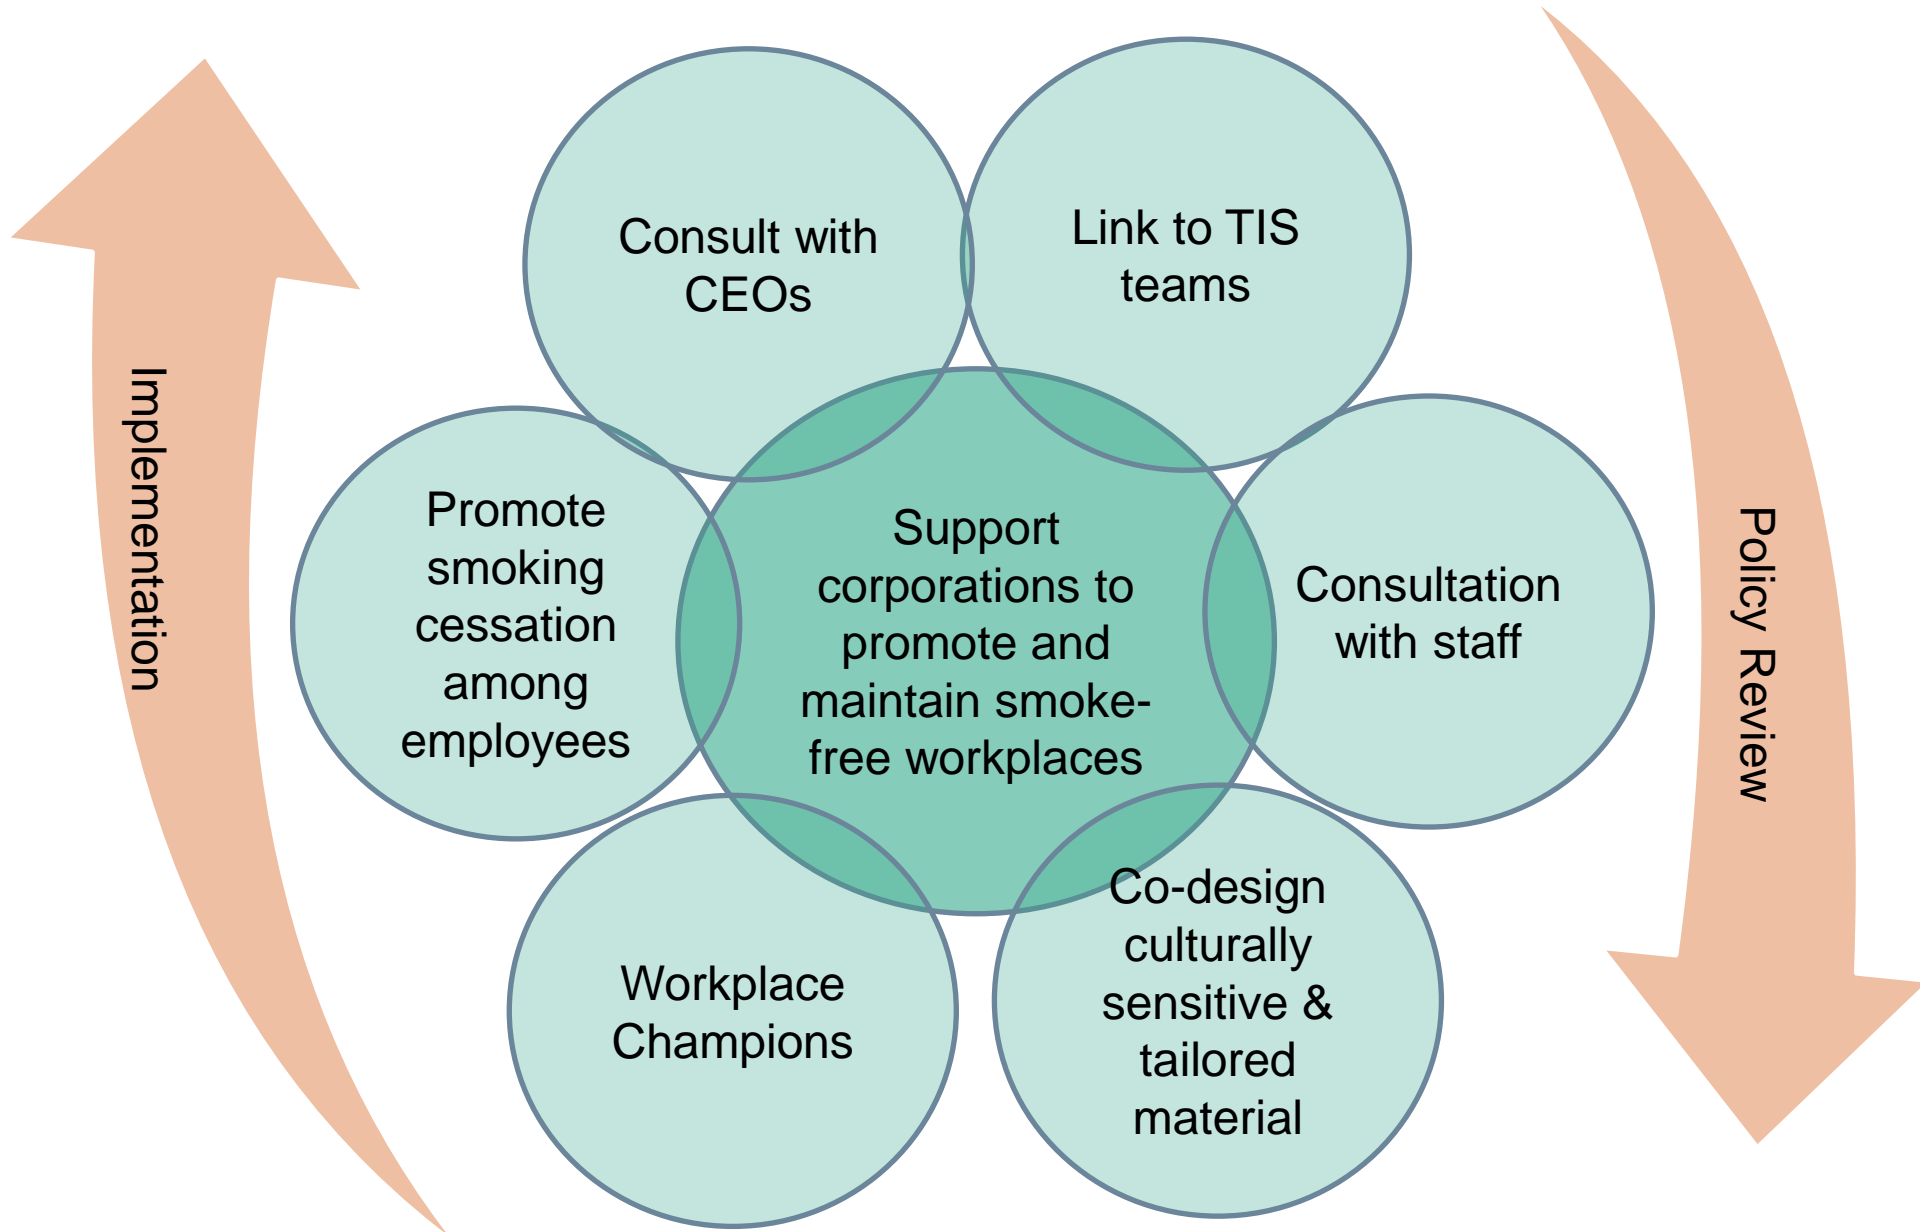

WHY DOES A SMOKE FREE WORKPLACE MATTER?

Create a social environment in which more individuals achieve long-term smoking cessation because they:

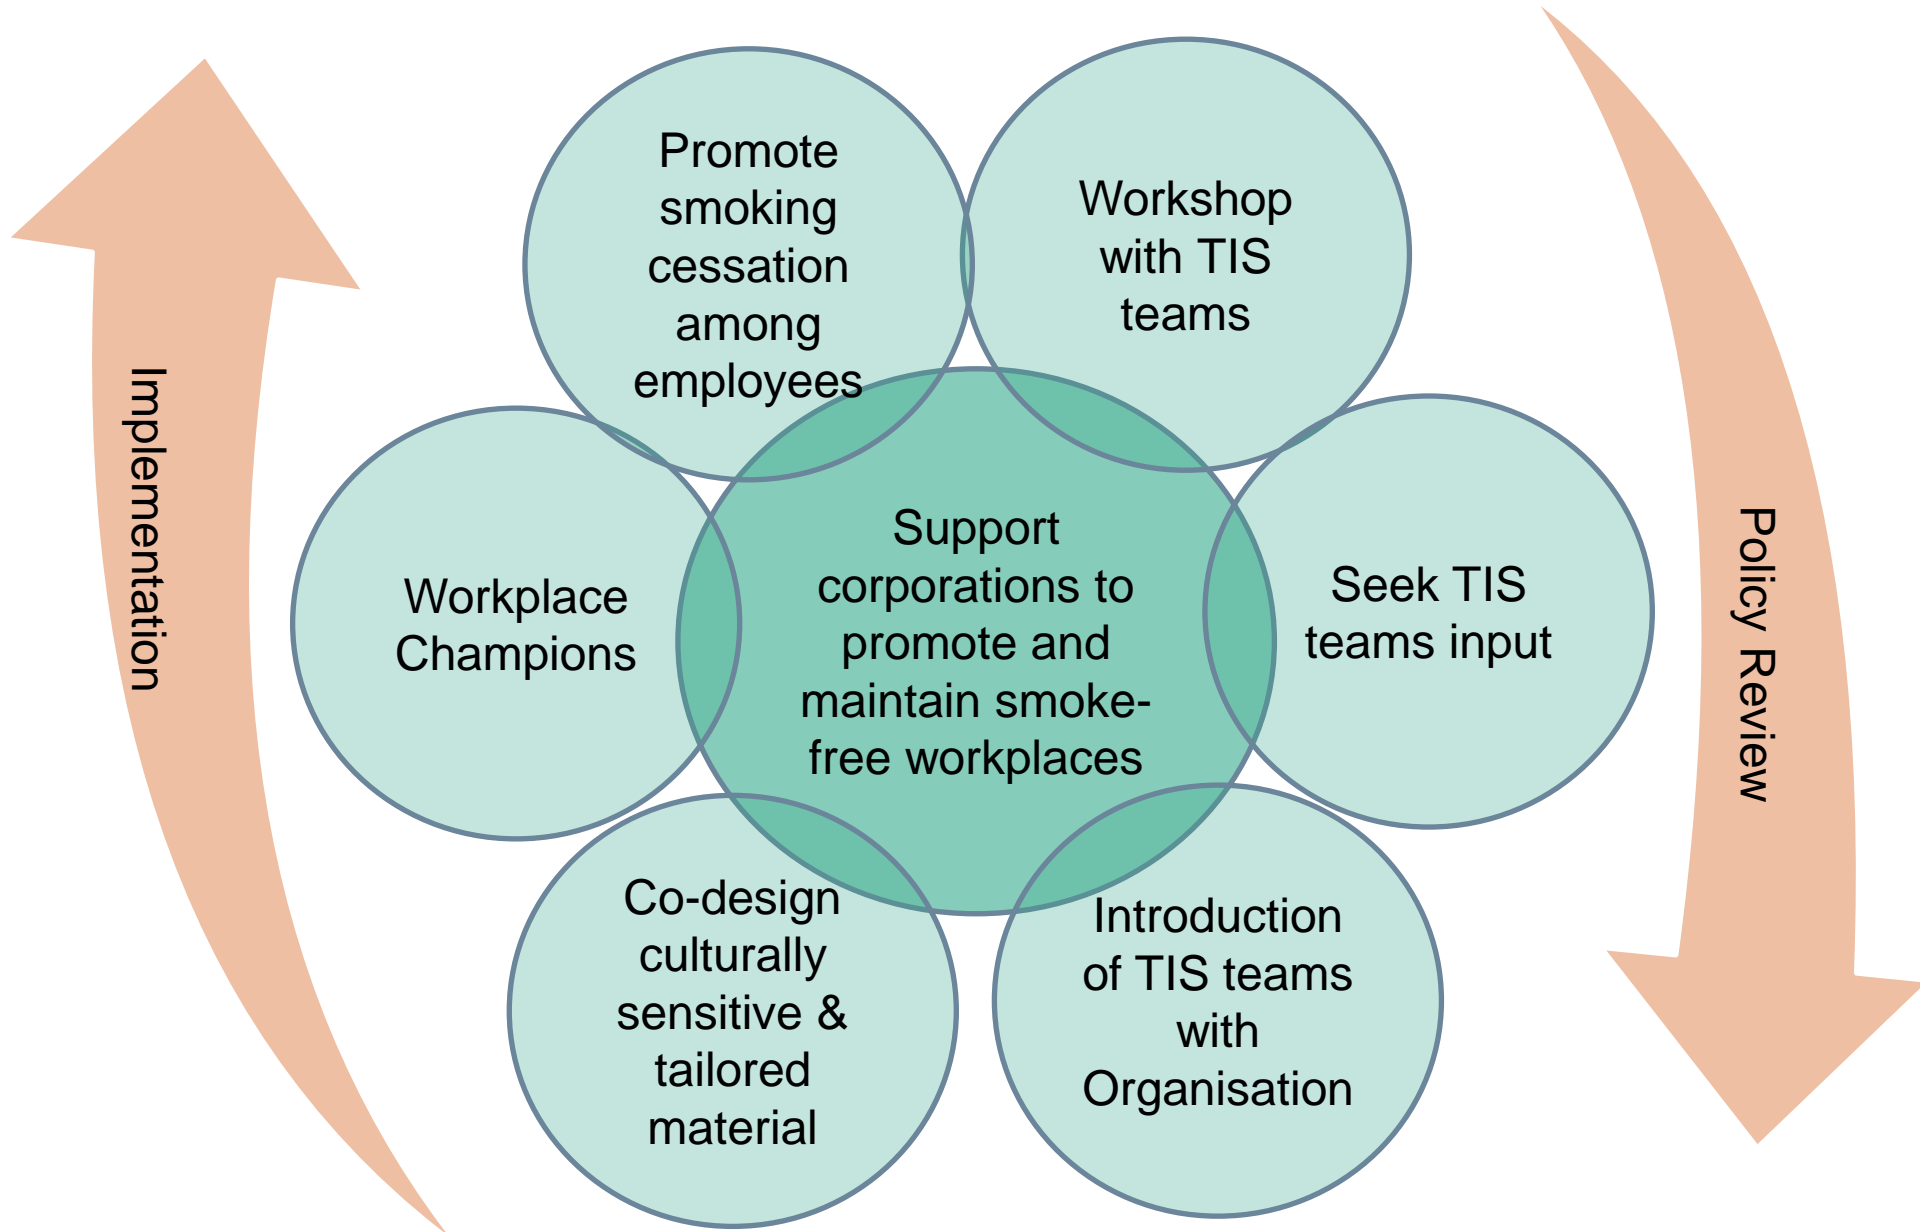

- ✓ De-normalize smoking
- ✓ Are more supportive for people trying to quit
- ✓ Encourage those who do smoke to make a quit attempt
- ✓ Create smoke free workplace policy
- ✓ Improve health and safety for everyone including people who don't smoke

PROCESS FOR TIS TEAMS

MOVING FORWARD

**Any other ideas you would like
to share about the pilot
project?**
