

NATIONAL BEST  
PRACTICE UNIT

**TACKLING  
INDIGENOUS  
SMOKING**

# PILOT PROJECT

DEBORAH BOOKER

**Australian Government**  
**Department of Health**

# INTRODUCTION

- Smoke-free workplace
- Population health
- Systems approach
- Scalable and sustainable program
- Innovative approaches
- Co-design training package
- Participating organisations

# HISTORY

- Pre-Covid
- Archie Roach shared his life journey
- A major call
- Post Covid

# WHY DOES A SMOKE FREE WORKPLACE MATTER?

Create a social environment in which more individuals achieve long-term smoking cessation because they:

- ✓ De-normalize smoking
- ✓ Are more supportive for people trying to quit
- ✓ Encourage those who do smoke to make a quit attempt
- ✓ Create smoke free workplace policy
- ✓ Improve health and safety for everyone including people who don't smoke

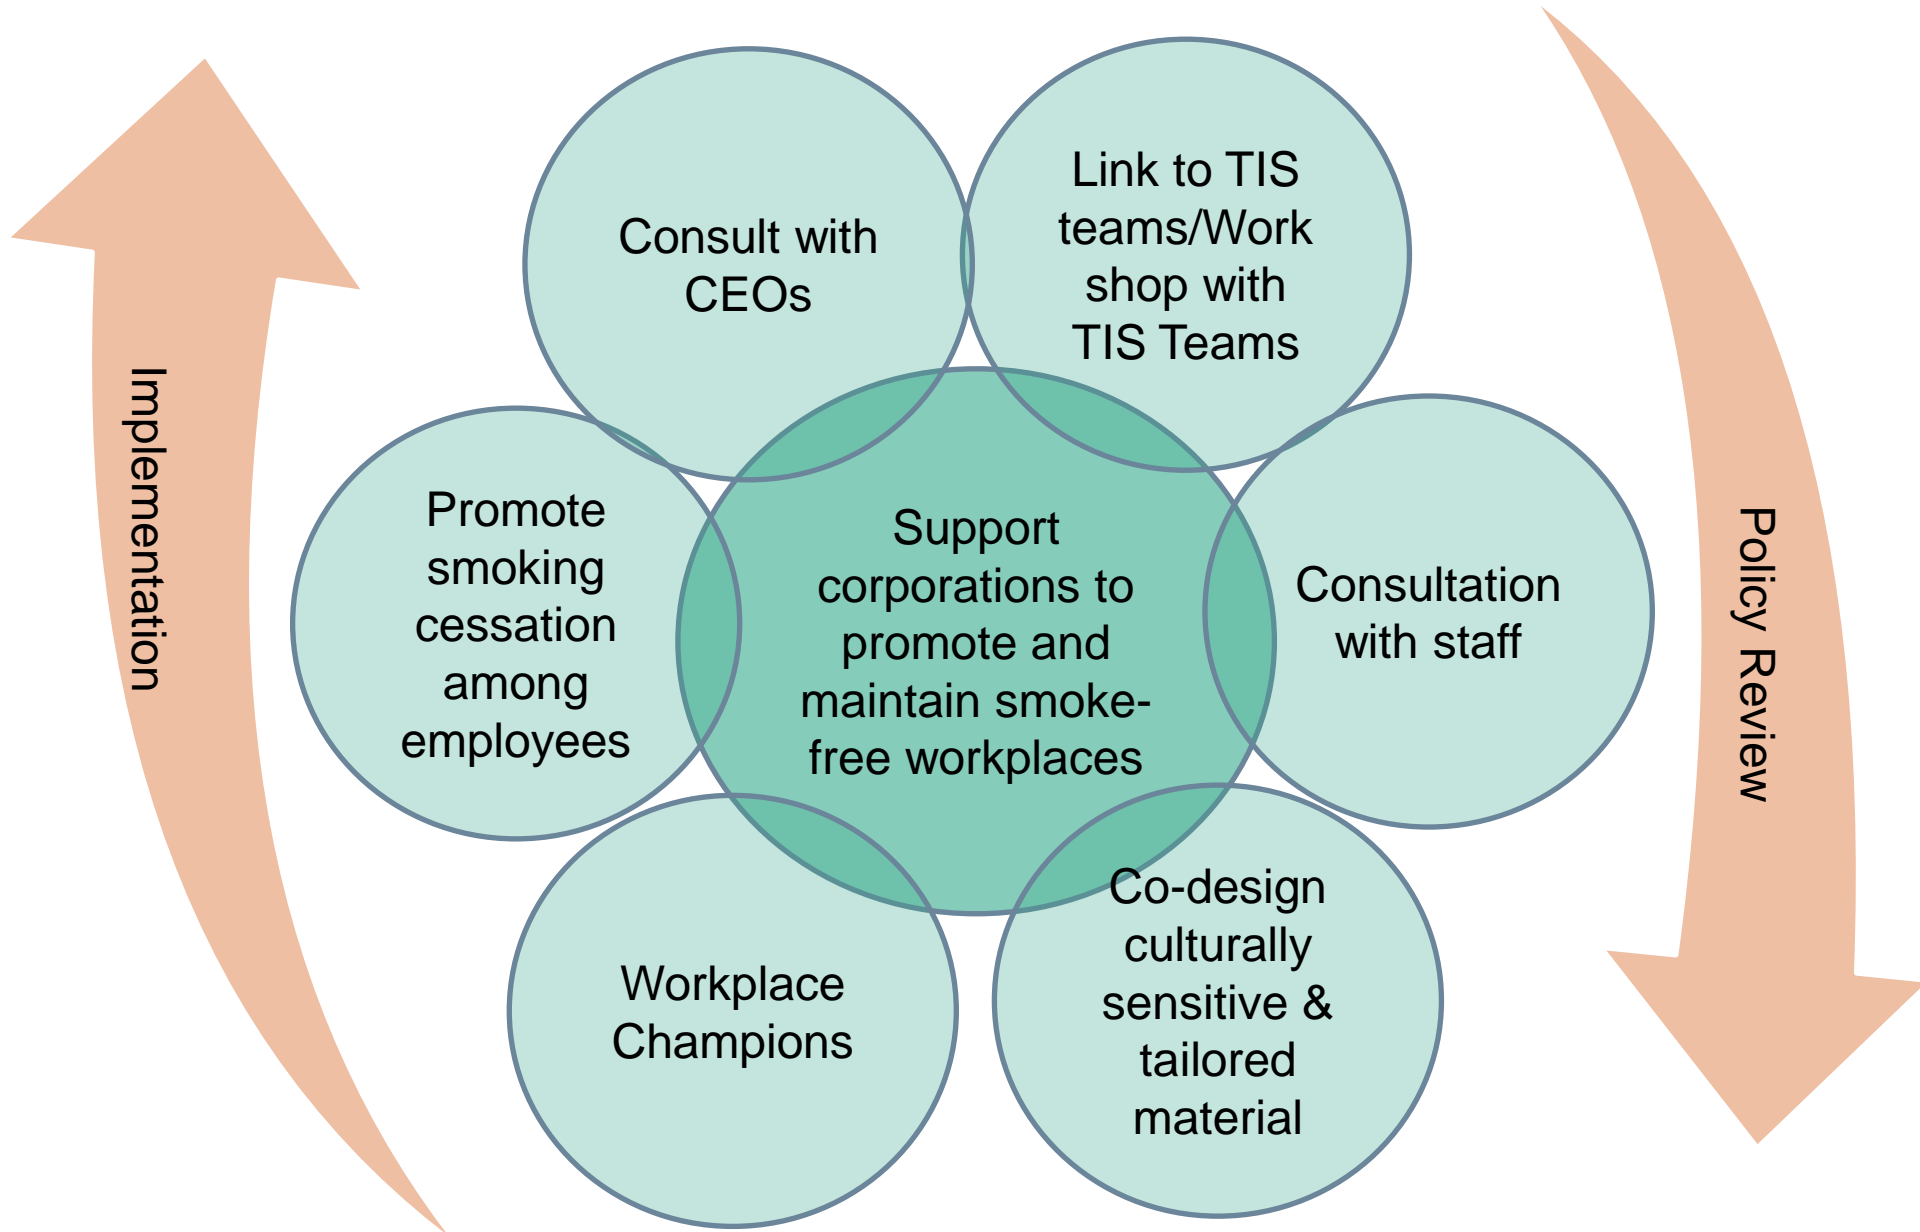

# PARTICIPATING ORGANISATIONS

- ✓ ORIC and non-ORIC Aboriginal Organisations
- ✓ Timeframe
- ✓ Implement/update smoke-free workplace policies
- ✓ Culturally sensitive and tailored training material
- ✓ Organisational attitudes and behaviours
- ✓ Policy ownership
- ✓ Working with TIS teams
- ✓ Training and Policy designs
- ✓ Quit smoking champions

# PROCESS

Consult with CEOs

Link to TIS teams/Workshop with TIS Teams

Promote smoking cessation among employees

Support corporations to promote and maintain smoke-free workplaces

Consultation with staff

Workplace Champions
