National Best Practice Unit Tackling Indigenous Smoking (NBPU TIS)

Introduction

- (NBPU TIS) was established in 2015, to provide tailored support to organisations funded under the National Tackling Indigenous Smoking Program. This now includes Vaping.
- TIS is an Aboriginal-led program that is driven by action in the community. This includes 26 Federal government-funded Regional Tobacco Community Grants.

This is the key component – community-based teams who co-design culturally appropriate activities with community

How Does NBPU TIS Work With Grant Recipients?

Working Together
