Another campfire conversation...

Another campfire conversation...

What do we need to get right to achieve national tobacco control targets?

Another campfire conversation…

The National Ambition:

27% or less by 2030 [1,2]

Daily smoking among Aboriginal and Torres Strait Islander people aged 15+

Strengthen and expand [2]

Efforts and partnerships to prevent and reduce tobacco use among First Nations people

Another campfire conversation...

The challenge:

TEND: What is working that we need to protect and build on?

STOKE: What have we learned that means we need to do things differently?

FEED: What could strengthen our collective impact?

Yarn around

If we could only choose three priorities, what would they be?

- You have 3 dots.
- Place them next to the priorities you think matter most
